<sup>2</sup> Email communication, 11/20/2020, from DHHS, Department of Public Health

<sup>3</sup> Nebraska Department of Health and Human Services “Early Childhood Capacity Count by County” table, 11/13/2020. Note: Number of slots reflects the number of children for which an establishment is licensed if operating at full capacity. In Nebraska, many establishments are not able to operate at full capacity due to unfilled teacher/provider position. The figures provided here do not reflect the constraints on capacity resulting from Nebraska’s early childhood workforce shortage.

<sup>4</sup> Provisional status signifies that a provider is in their first year of licensure. After the first 12-month period, the provisional status is removed. In this instance, between February and November 2020, four providers maintained their licensure and were no longer titled “provisional.” This is reflected in the increase from 22 to 26 Family Child Care Home I establishments.

<sup>5</sup> In this instance, a new provider has started their 12-month provisional license term; should they maintain their licensure within 12 months’ times of their effective date, their provisional status will be removed.
